Quiz # 6
February 28, 2013

****Answer three of the following questions for a total of 6.0 points. If you answer all four, I will grade the first three—regardless of which answers are more correct****

1. In the article, “The Glass Escalator,” the author interviewed men from four different occupations. Name **two** of the occupations (**2.0 points**).

2. What does the author mean by the term “glass escalator” (**2.0 points**).

3. True or False? The men in this study reported that their female colleagues were hostile and resentful of their presence in the occupation. **Please explain your answer** (**2.0 points**).

4. Tell me something else you remember from the reading, not already covered in your other answers. **Make sure your answer is clearly from the reading** (**2.0 points**).
